

## **POST OFFICE OVERTURNED CONVICTIONS**

### **NON-PECUNIARY CLAIMS**

#### **JANUARY 2025 REPORT**

##### **Introduction**

The content of this report summarises the current position and progress of non-pecuniary claims, currently within the scope of the Overturned Convictions Scheme.

##### **Figures**

The current position in respect of non-pecuniary claims as at 3 January 2025 is as follows:

<b>Offer and Payment progress</b>	<b>3 Jan 2025</b>	<b>30 Sep 2024</b>
Number of Overturned Convictions	111 (+0)	111
Number of Claims Notified	111 (+0)	111
Number of non-pecuniary Particularised Claims Received	74 (+1)	73
Number of non-pecuniary Offers Made	73 (+0)	73
Number of non-pecuniary Offers/Assessments Accepted	65 (+0)	65
Declined offers	3 (+0)	3

##### **Observations**

1. 23 claimants have settled via the upfront offer option, without previously submitting a non-pecuniary claim.
2. One further non-pecuniary claim has been submitted during the reporting period. Accordingly, the total claims received increases to 74 (this number includes claims submitted but which subsequently accepted the upfront offer).
3. Of the 9 submitted non-pecuniary claims which still require resolution:
  - i. 1 claim received in December 24 is under review by POL, prior to offer.
  - ii. 8 have received offers, of which:
    - o 3 are subject to counteroffers on the basis of further evidence being made available. Revised offers have been made in 1 of the cases with 2 under POL assessment to finalise an offer on the Personal Injury Head of Loss (the other non-pecuniary Heads of Loss having previously been settled)
    - o 2 have accepted POL's offers on all Heads of Loss except Personal injury (pending further Medical reports) but have also received interim payments relating to POL's personal injury offers,
    - o 3 offers remain formally contested (although interim payments have been made to the full value of the offers as issued). Whilst agreement in principle has been received, confirmation of the Legal Representative(s) availability is still pending and will be required to finalise the timetable for a further Early Neutral Evaluation (ENE) with Lord Dyson.
